Mr Wm L. Garrison

5 Dear Friend

An idea has crept into my brain
that I may go to England &
France. This summer; to ^{refresh} gather
strength & inspiration, for future
labors in life. As I intend to
continue my work all of my life
so long as God lets me have power
to talk & write, I feel that I must
renew my health & ^{inspiration} ~~strength~~.

Now I ask, of you a few letters
of introduction - to friends
of the Anti-Slavery cause, who
will know something of me.
I may be able to visit them, or may
meet them. My long & earnest
intercourse with the slaves

[illegible]

My address is Lomtwile
H. H. H. H.

Remember me to Mrs Garrison
whom I hope is improved in
health. & that your own
is more comfortable than
when I last saw you.

I remain yours most

Truly

Frances D Foyle

I may not go, but wish
to be ready if circumstances
as will permit.
